j. Department of Defense Energy Manager's Handbook, 25 August 2005.

k. All other applicable DoD Issuances.

2. Purpose: To establish an Energy Conservation policy on Fort Wainwright.

3. Background:

a. Key Army energy goals are to reduce energy consumption by 3 percent per year or 30 percent by FY15 based on the FY03 baseline and to reduce water consumption by 2 percent per year or 16 percent by FY15 based on the FY07 baseline.

b. It is Fort Wainwright's objective to use energy efficiently and provide energy security throughout the organization for both immediate and long range plans by following the Army's Energy Strategy and Army Energy Security Implementation Strategy (AESIS).

4. Facts:

a. Commanders and civilian managers will comply with and support Fort Wainwright's energy program and ensure, at a minimum, individual actions included in this interim guidance are implemented.

b. All commanders and civilian managers, where practicable, will appoint UECOs/BEMs. The building/facility manager will have the additional duty as the BEM.

c. All UECOs/BEMs will receive training by the Department of Public Works (DPW), United States Army Garrison Fort Wainwright Alaska (USAGFWA).

d. All units/directorates/agencies will submit a complete list of UECOs/BEMs to the Garrison Energy Conservation Manager/Energy Audit Team Leader/BEM Program Manager.

e. All UECOs/BEMs will adhere to energy conservation guidelines outlined in the USAG Energy Conservation Memorandum of Instruction (MOI).

5. This policy supersedes Garrison Policy #42, SAB, dated 18 Jun 10.

6. The point of contact for this policy is CPT Timothy Hall, HHC USAG Commander, Energy Conservation Manager/Energy Audit Team Leader/ UECO/BEM Program Manager, at 353-7500 or email at timothy.hall9@us.army.mil.
