

**QUESTION:** In Bear Paw the speed limit signs are posted at 20 MPH In every other residential area on post the speed is 15 MPH, to include over by Burger King.

Why is it with the VERY narrow streets our speed limit is 20 MPH.? Can the speed limit signs be changed down to 15, or even 10 to accommodate the narrow roads?

This is an issue, especially on Grizzly Bear first thing in the morning, and with no playgrounds, the kids play often near the road, and on bikes.

**ANSWER:** The speed limit will be changed to 15 MPH. Signs will be posted soon.
